All fees must be paid in full prior semen is dispatched.

2015 SERVICE CONTRACT

Van Eyk Horses - Conditions of Service

1. All service fees are to be paid in full prior to collection or dispatch of any semen.
2. Service fees are non refundable and non transferable (sold to another party).
3. One service certificate will be issued per service fee paid. In case of Embryo transfer, if two mares are bred with one insemination dose and both are pregnant, a second service fee is payable. If two embryos are positively transferred from one breeding, a second service fee is not payable.
4. Collection of and transportation costs for the semen are payable by the Mare Owner.
5. Mare Owners are advised that a live foal guarantee does not guarantee that a live foal will be born by the mare being bred. This term entitles the mare owner to a return breeding for the same mare to the same stallion. This applies only in the case that the mare should a) fail to conceive, b) abort the fetus or c) the foal dies within 24 hours of birth. A veterinary certificate must be supplied.
6. Should the mare owner fail to have a veterinarian examine the pregnancy for twins or abortions at or before eighteen days (18) after insemination, and between forty days (40) and sixty days (60) after conception, the live foal guarantee will be void. It is the responsibility of the mare owner to assist in maintaining the pregnancy with regular veterinary checks.
7. Van Eyk Horses must be notified within seven (7) days of the result of the pregnancy test as outlined in the above point (no 6) of the live foal guarantee will be void.
8. Van Eyk Horses will not honor live foal guarantees when the mare loses a pregnancy due to poor health caused from owner's neglect. Appropriate feed, water and shelter should be available to the pregnant mare at all times.
9. A \$250 rebreeding fee will be charged upon exercising the live foal guarantee.
10. Van Eyk Horses exercises the right to refuse any mare for breeding for whatever reasons.
11. Mare owners are advised to have their mares assessed for breeding soundness before breeding by an appropriately qualified veterinarian.
12. All accounts are to be paid in full before service certificate will be issued.
13. Service certificates cannot be issued without appropriate registration papers or proof of identity.
